HAMMOND HIGH SCHOOL

*our goal is seeking knowledge  
as a passport to the future . . . .*

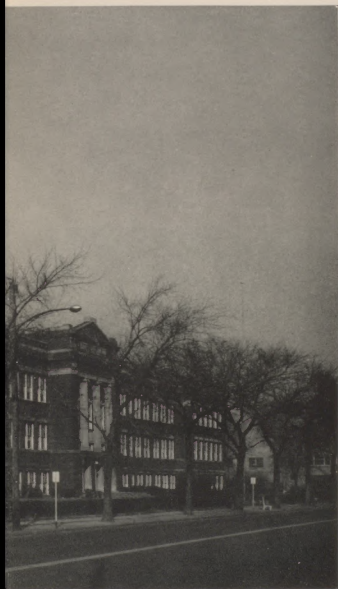

THE DUNES  
is published annually for the

*at hammond high school we prepare*

*ourselves for the future . . .*

We will never bring disgrace to this our Hammond High School by any act of dishonesty or cowardice, nor ever desert our comrades; we will fight for the ideals and sacred things of the Hammond High School, both alone and with many; we will revere and obey the Hammond High School laws and do our best to incite a like respect and reverence in others; we will strive unceasingly to quicken the pupil's sense of Hammond High School civic duty; that thus in all these ways, we may transmit Hammond High School greater, better, and more beautiful than it was transmitted to us.

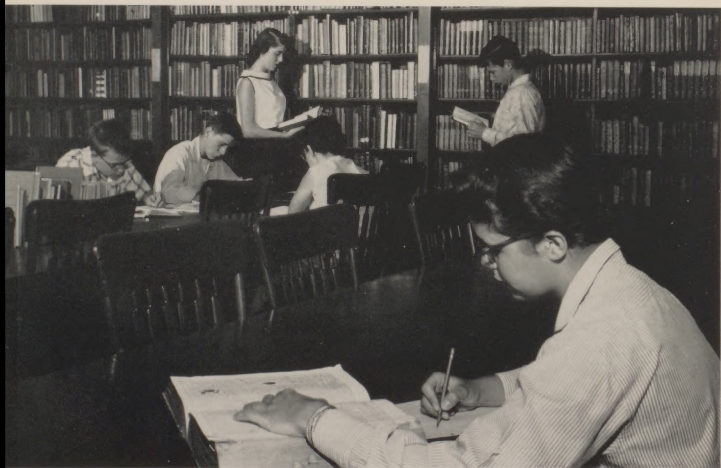

HAMMOND HIGH SCHOOL PLEDGE

*in classes . . .*

Typing classes are a must today. Mr. John Nichols explains the care of the machine to Loretta McKeighen.

The library offers a quiet place for study and research.

*we train our minds to discover, then create.*

We seek preparation for college and for the business world. We learn our basic English and mathematics; we culture ourselves in music, art, and drama; we discover why our country is great; we develop scientific attitudes; we become physically fit through a program of physical education; we train to do clerical and book work; we prepare ourselves for a career.

Scientists must know the why and how.

Artists must create to express themselves.

Out of such expressive study groups, both curricular and extra-curricular, comes Hammond High's enviable record, locally and nationally, in Science and Art.

## *in activities . . .*

A busy place, a changing scene, that first week especially.

Faculty cooks initiate newcomers amidst the campfire's smoke and nippy air in the forest preserves.

Around the Christmas tree in a winter dreamland with a wonderful partner.

Let's see, did you want two together?

I can't decide between a small college and a university.

*we discover new and rewarding experiences.*

With the fall term under way and schedules once again straightened out, we met old and new friends at all the school activities of the year. Our annual Mardi Gras took us to "Chicago At Night." Drama lovers saw "Icebound" and "The Remarkable Incident at Carsons Corners." There were formals to make everyone misty-eyed and College Night to let us meet representatives from requested colleges. Association elections, auditorium sessions, banquets, and concerts—all these gave us new and rewarding experiences to remember.

Long hours of creating, tedious piecing together of many ideas, and then the afternoon when the show went on the road. It's Mardi Gras time.

## *in sports . . .*

Our athletes are always achieving a winning record. But win or lose, loyal rooters claim it was Coach Bernie Krueger who encouraged our football team to play their best. Homecoming brought bonfires, speeches, old graduates and victory.

Coach Bernie Krueger at Homecoming bonfire.

Boosters in purple and white yelled to fame at basketball time.

*we win through teamwork*

Just another pile-up.

Donaldson will sink it?

Whether our teams are on the field, on the floor, or in the pool, whether they place first or third, it's because they represent teamwork and win at all.

Freshman Class Party — Mr. Hamer Hightower, Helen Chapin, Laura Dadds, Pat Allegree, Pat McKinley, Alan Keel.

## *welcome freshmen*

If you don't know, ask Hazel.

This ticket will get you on all the elevators.

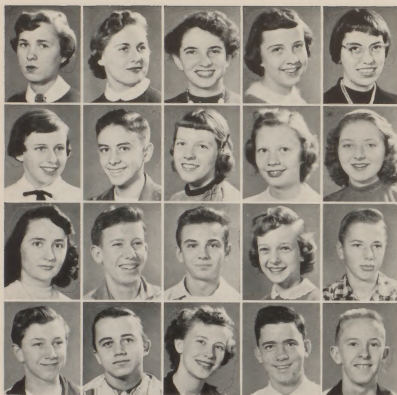

FRESHMAN CLASS OFFICERS — Seated: Dione Eggers, Gregory Kachoris; Standing Solly Ashton, Mr. A. T. Bolt, sponsor, Peter Hedges. (Not pictured—Miss Thelma Abell, co-sponsor.)

Mr. Hightower, counselor, advises freshman on future schedule.

Enters a bewildered crowd of yearlings to Hammond High School's long, dark halls. Peering out from behind graceful arches they beheld and took part in the first social event of the year, their class party. With this activity over the next event was the inevitable grade cards and a trip by a few to the counselor's office—the reason—failures. The lucky ones dreamed of vacation and becoming a sophomore.

## *new worlds to conquer*

With the first years of new discoveries of school behind us, we returned as sophomores to set about investigating all clubs and parties open to us. Having learned how to study in our frosh year, there was more time for sports, games and clubs in the second year. Our counselor endeavored to help us prepare more fully for a chosen career, and the year ahead.

Approximately fifty-one Juniors and Seniors left Hammond on October 26th bound for Charlottesville, Virginia. This is the first year that the Washington Trip has taken place during Teacher's Convention in the fall. Miss Leona Hawver and Mr. William McNabney accompanied the group. The tour was taken on the Chesapeake and Ohio Railroad with stops at Williamsburg, Luray Caverns and Skyline Drive. There was a boat trip down the Potomac River and Chesapeake Bay to Arlington and Mt. Vernon Point Comfort. The students returned October 31st with many photographs and pleasant memories. Everyone was tired, but it was the unanimous decision that a wonderful time was shared by all.

This year we took a fall trip to Washington D.C., during Teachers Convention.

## *juniors need counsel, too*

With the realization that half our high school years were about over, we whirled along in classes and social activities. There was the selection of our class rings and then waiting anxiously till they arrived. In March we elected next year's Association officers from our class. And how excited we were to make the history trip to Springfield, Illinois, in April! Then our year was topped off with the Prom, "Fantasia," which we planned for the seniors. For us, the year was a successful one.

Bringing everyone to the seacoast was "Ebbtide," the Senior Dress Dance.

Our last get-together as a class but there were still beach parties and—ah—summer school.

SENIOR CLASS OFFICERS AND SPONSORS

Ann Wagner, Mr. Robert Brock, Joanne Loeffler, Koren Borman, Lorry Luellon, Miss Josephine Reichl

## Graduating Seniors

A senior comes in for her cues on college.

With our Counselor verifying the fact of graduation we eagerly anticipated long processions, gray robes, and possible gold tassels. We busied ourselves with dances, college plans, and last minute attempts to impress our teachers with prompt assignments. Before we knew it Commencement was upon us and we were out on our own with a coveted diploma—Our Passport to the Future!

# Among the Senior Honoraries . . . .

Congratulations to Valedictorian Wayne Wickelgren, a leading debator.

The DAR award winner was Judy Sweitzer, an outstanding vocalist, also.

Morilyn Hesterman was salutatorian and holds an interest in medicine.

For service to her school and country, Toby Stern was awarded a trip to the United Nations. (A dramatic artist and poet, pony-tailed Toby was active in all types of school as well as other activities).

### "REMARKABLE INCIDENT AT CARSON CORNERS"

Remarkable was not only "The Incident at Carson Corners" but the acting by the members of the senior class, the directing by Toby Stern and Mr. John Rider, and the producing by all those involved. ## Science and Safety Awards

### SCHOOL AWARDED SAFETY CITATION

Hammond High joins approximately 1,361 other schools on the National School Safety Honor Roll. A letter sent by Mr. Forrest E. Long, one of the judges, congratulated the entire teaching and student body of Hammond High on attaining this honor. An honor certificate was posted on the board outside the office. To be a member of this organization a school must fill out an application and be accepted by a group of honor roll judges. In the letter sent by Mr. Forrest the first paragraph read:

"All schools exerting exceptional effort in safety education and whose program has been evaluated and recommended to the National Safety Council by a local committee of four, receive special recognition by being listed on the National School Safety Honor roll. Every year a form containing 24 questions must be filled out. Enough of these questions must be answered to indicate a well-rounded program which serves local community needs. Schools that meet these requirements receive a certificate indicating the number of consecutive years the school has maintained Honor Roll standing.

Karen Berg, captain of the Monitors, presented the National Safety Award certificate to Mr. Norman Beyer, who accepted it in behalf of Hammond High School.

"Democracy is a deep-rooted principle in every free individual and each person has his own interpretation of it," stated Peggy Maddox, winner of the "I Speak for Democracy" contest, sponsored by the Hammond Chamber of Commerce.

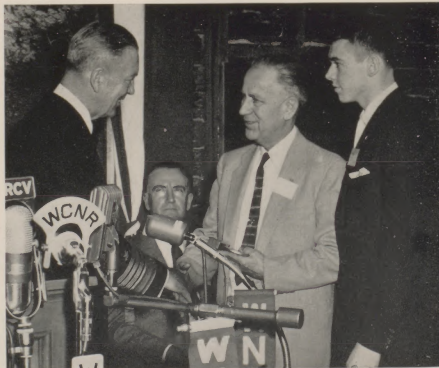

Forty percent content, 40 percent delivery and 20 percent originality were the basis on which the oration was judged.

#### FREEDOM FOUNDATION

Flying high with TWA were Dave Gehrke and Mr. A. T. Bolt on their way to receive for Hammond High School the Freedom Foundation Award at Valley Forge. Ten Schools were so honored with the award, on Washington's birthday in recognition of what is being done to further the American way of life. Hammond High School has received the honor for the last three years. We're proud of you, Hammond F-i-h! Let's make it four years in a row.

Sitting, left to right: Robert Rowe Lorry Thornton, Allen Koin

### THE INTRAMURAL DEPARTMENT

The boys' department has three sponsors who are in charge of the sports according to season. The fall sports are under Mr. William McNabney, the winter under Mr. James Scott, and the spring under Mr. Steve Kucer.

As many as nine sports are available, but only those sports where the interest is sufficient to warrant them are carried out. Highlights of the year's program have been horseshoes, basketball, volleyball and golf.

The Intramural basketball season came to a close as the Faculty beat the Intramural champions 68-59. The high point man for the faculty was Steve Kucer with 17 points. The faculty scoring was Peterson 12, Straight 7, Krueger, 5, McNabney, 8, Lorenzen 7 and Huffman 3. The Intramural Champs put up a good fight, until experience, not youth, finally paid off. The Champs were led by Bill Purbaugh, scoring 16 point. Clyde Rector hit 15, Roger Fick 13, Paul Ross, 10, and Bob Jones, 5. Fred Beyler and Chuck Boyer were scoreless.

### *"George in a Victory War-rior Dance"*

Hammond High is losing six great seniors. They all play terrific basketball. Frank Radovich has been our center since his sophomore year. Terry McMahon and Billy Johnson are our guards with Tom Daniels filling one of the forward positions. Included among our reserves are seniors Bob Shaw and Gene Blackmon, both guards.

The 6-8 pivot man has outrebounded his center opponent on every occasion. Being a deadly feeder and one of the vital outlets for anti-press situations, he gives cause for confidence among his fellow teammates.

Donaldson and Daniels have established personal scoring records in the last six games of regular season play, Donaldson netting 24 against Morton and Daniels 20 against LaPorte.

Number two scorer for the Wildcats this season was Bill Johnson with his deadly one hander.

He shot in the double figures 10 straight, not quite making 11 because of a little foul trouble.

Terry McMahon has played a defensive game but has also scored as high as 19 points. He played some terrific games despite his sprained left wrist.

The team finished its regular season play with a 20-4 record, losing only to Muncie Central (65-54), twice to South Bend Central (64-61); (48-56), and to Lafayette Jeff (85-69). The first three, as you can see, were a close, the game going either way depending on the breaks. The Lafayette Jeff game caught the Broncos in an exceptionally hot mood, as we found out! The game, however, proved to be a booster psychologically, drawing the team together into fast breaking, well-timed unit. This helped considerably to prime us for the sectionals.

## Student Reps Serve Successfully

Heading this year's Association, the student government, was Dave Gehrke, President, Terry Ingram, Vice President, and Janice Carley, Recorder. These three were chosen during the spring of last year

Student participation in the Association stems from the House of Representatives, the Senate, the Cabinet and Court.

During the spring of last semester Dave picked the students that he wanted to take part in the Cabinet. Supervising Student Activities was Miss Georgia Andersen with Becky Groff and Pat Brennan as Co-Secretaries of Student Activities. Duties of Student Activities are to plan and run all sock hops, parties, formals, etc.

The Monitors were headed by Miss Georgia Theil and Karen Berg, Secretary of Student Safety. Karen assigned monitors to posts and instructed them to check lockers, collect attendance slips, sign admits, direct visitors, and to stop loitering in the halls.

Dick Getzinger was selected head of the Court. He assigned two assistants to help preside over cases that were brought to court because of violations of rules.

## The Dunes

Judy Sweitzer, Marlene Hildebrandt

New faces, new places, new faculty personnel—the Dunes for '56 leaving late on Track 55, gathered speed slowly toward its eventual destination, "Deadline."

Novel ideas were put into play to spark the Subscription drive. A special Herald Extra with "All about the Dunes" was a highlight of the drive.

Then came the real test, making the "procedural outline" or planning the initial steps before the Engraver's Dummy. Marlene and Dianne searched for catchy phrases, studied school calendars, former yearbooks and came up with ideas for the engraver to say "No, it can't be done, unless . . ."

Came next the senior pictures and snapographs. Connie and Judy (one of the several Judy's) Burke, assisted by other staff members, traveled through the halls and rooms with Johnnie for those group shots.

Came the proofs from the engraver, Judy Grove's carbons, paste-ups and the writing of copy (like mad) to meet the printer's deadline. The final act brought in lost "ID's" mad dashes downtown, misplaced cuts and Sweitzer's logotypes—and—"We made it!"

The B-squad cheerleaders are Katie Tweedle, Ruth Leland and Maryann Macenski. They cheered at B-games and substituted at varsity games when varsity cheerleaders were absent.

The top 20 of the girls who turned out for cheerleading were presented in an auditorium session. To determine the choice of the student body, ballots were given to the students as they entered the auditorium and were collected as they left.

Ability, grace and personality are qualities looked for in prospective cheerleaders.

### THE MADRIGAL SINGERS

In the sixteenth century the people sang a type of song called Madrigals. Our singers included Phyllis Harvey, Judy Sweitzer, Sylvia Kish, Judy Florian, Barbara Keener, Dianne Muller, Rodney Swantko, Leonard Carnagey, Margaret Turpin, Carl Main and Don Fredley. They sang for the State PEO Convention and various other programs. When singing for special occasions, our Madrigal Singers wear costumes from the Elizabethan era. They sang "In These Delightful Pleasant Groves" in the state vocal contest and received a first rating.

### CHORDAIRES

The Chordaires is a girl's barbershop quartet composed of Cynthia Tatara, Judy Pearson, Sally Jenkins, and Becky Groff. The girls sang for various service clubs, banquets, church groups, and school programs. They sang "Sentimental Me" in the state vocal contest and received a first rating.

### CHANSONNETTES

The Chansonettes, a triple trio and its accompanist, sang for the Girls' Conference, school programs, church groups and various organizations. The group is composed of Judy Mackey, Elsa Rosenak, George-Ann Dennis, Karen Duckett, Eleanor Doyle, Judy Grove, Annette Kocal, Jomary Hightower, Lynn Echt and Betty Bogdan. The Chansonettes, traditional winners in the state vocal contest, sang "The Twenty-third Psalm" and received a first rating.

### THE QUARTER NOTES

The original Quarter Notes was formed last year, and three of its members returned and were joined by a fourth to complete the quartet. They sang for the Mardi Gras and for many school programs. The Quarter Notes, Bill Kleinschmidt, Leonard Carnagey, Dick MacNary, and Carl Main, enjoy singing together and everyone enjoys listening to them.

### *The Principal's Office*

To picture the man who occupies this office—MR. OLIVER L. RAPP is rounding out his "lucky seventh" year here at Hammond High School. In baseball this would be a time for the inning stretch, but there is little time for such traditional ball field activities here. There are conferences with business and professional personnel, parents and students. Mr. Rapp's activities aren't limited to the "office" as there are those almost 'round the clock conferences "off the campus." Yours for a prosperous and happy and successful Season for 1956-57, Mr. Rapp!

MR. C. T. COLEMAN goes about his tasks quietly in a most busy place, never seeming to become excited or disturbed. All this takes place in spite of the numerous changes in individual schedules of many students. Out of the Counselor's office there are aptitude tests, conferences on college campuses and of course Summer School, the biggest of the jobs, possibly.

As an innovation this year, the Freshman, Sophomore, Junior and Senior Counselors are pictured with their classes and class officers elsewhere in the book.

Comes intermission—a chance to visit with friends at the 'Play' before "Curtain Time"—with greater emphasis on dramatic plays becoming a traditional must here.

A final word of instruction from Director John Rider to Toby Stern who played "Anne Crosby," a maid in the Jordan household in the fall play, "Icebound."

Ushering in the Spring season in typical tunes was the Easter auditorium session. Such catchy tunes as "April Showers," "The Easter Parade," to mention a few put everyone in a truly receptive mood for Spring that was late in coming.

Looking their best on Dress-Up Day are Carol Gardner, Joan Murphy, Robert Show, and Jack Foudroy

Hammond High Students "spruced up" for Dress-up Day during Association Week. In the past, a week has been set aside for the observance of the Associations activities. This year the Association thought that it would be better to just celebrate on one day instead of five. The day was a bee hive of activities climaxed in the evening with a banquet to which all the school was invited.

Congratulations to the banner year salesmen, the Dunes Agents! This crew by their hard work made it possible to print and distribute 1,200 copies of the 1956 DUNES. Hats off for a super job well-done.

 Fifth row: Tom Pohlplatz, Bob Micholok, Laurel Hall, Judith Shideler, Penny Wilkins  
 Sixth row: Ken Abbott, Sam Gershmon, Bob Jurgens, Dickie Lofebre, William Cotton, Wolly Richardson, Paul Molornik

Scenes such as these are common to stage crews. Dunes camera men saw the school plays this year from various angles.

Directors also see the play from vantage points. From whatever angle one views plays at Hammond High, he sees a top production.

Here's your admit, be there 10 minutes ahead of the show. What lights? How is the other set? Who's going to help me?

Stand be on stage—five minutes. Where's the microphone man? Oh, get the extension cord! Quick, replace that lamp in the piano light. You've got 25 seconds.

Don't forget to take down the floods and change gelatins. Let's see the list for seventh hour. Attach the smoke pot, fly the back drop, swing legs to 45 degree angle. Wait, don't forget the show tonight for the Brown Studio. Holy Cow, 10 minutes—give me a hand. Are you a grip or what? Second border down—second border down!

A "Kick Off" meeting to acquaint seniors with the possibilities and opportunities in this region for employment, upon receiving a high school diploma, was held February 27, for all seniors during their social studies classes.

**Y**ou're saying goodbye to your high school days—but you're saying hello to new, exciting days ahead. Congratulations and welcome to the future!

In this future, Inland Steel's opportunities are yours . . . opportunities open to high school grads.

If you have some mechanical training or aptitude, there are careers open in many fields: as machinists, welders, electricians, patternmakers, pipefitters, boilermakers. There are careers to follow in metallurgy and chemistry. And there are opportunities in the office and clerical fields. The job of production—making the steel needed to keep America strong—offers a challenge to alert, young men.

You can have a "get-ahead" future through Inland's training opportunities. You can get apprentice or on-the-job training to become more skilled in your trade. You also can get college training

and a college certificate through the Purdue-Inland Training Program, a program where Inland sponsors you through this course at Purdue Extension.

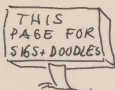

Inland has been in the busy Calumet Region for more than a half-century. We'll be here in the future, too, because we're a basic industry, making a product used by everyone, including the housewife opening a can of peas and the G.I. firing an artillery shell.

Inland Steel Company serves the nation—and it can serve you, too, in the exciting days ahead.

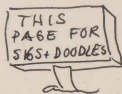

Inland Steel Company, 3210 Watling St., East Chicago, Ind.
